Indiana State University invites applications for a tenure track position in Insurance and Risk Management. The preferred candidate will possess an earned doctorate in risk management, insurance, finance, or applied economics with emphasis in financial services, at the assistant/associate professor rank.

The incumbent will direct the college's Network Financial Institute research agenda. Networks Financial Institute (NFI) in the Scott College of Business was founded in 2003 with the help of a grant from the Lilly Endowment, Inc. NFI strives to facilitate broad, collaborative thinking and progress in the evolving financial services marketplace through student programs, financial literacy programs and thought leadership.

The Insurance and Risk Management (IRM) Program is in the Department of Accounting, Finance, and Insurance and Risk Management at the Scott College of Business. A program of National Distinction, the IRM major consists of 71-semester-hours and will develop the skills, risk management and insurance knowledge, ethics, technological competency, and confidence necessary to succeed in the insurance and financial services industry.

Expectations include a productive research agenda resulting in quality journal publications, teaching excellence at the graduate and undergraduate levels, and service to the university, business, and/or professional communities. Community engagement and innovative experiential learning are strategic priorities at ISU and are expected by members of the faculty. Teaching evening classes or using distance-learning technology may also be expected.

Qualifications: Candidates for the position should have an earned Ph.D. or D.B.A. with a concentration in a financial service related area from an AACSB-accredited business program and coursework, research, or professional work experience in the area of financial services. ABD with completion planned prior to August 2015 may also be considered for appointment at the assistant professor level.

Candidates should demonstrate ability to conduct a program of research leading to publication in quality journals, commitment to excellence in teaching, high personal and academic standards, capacity for collegiality and working in a team; strong written and oral communication skills, and receptivity to innovation and change.

Employment is contingent upon proof of eligibility to work in the United States. Salary is competitive with similar institutions and commensurate with experience and qualifications.

The Insurance and Risk Management faculty serves approximately 100 majors and minors, and has a proud record of nearly 100% job placement.

All programs in the Scott College of Business are accredited by AACSB-International.

ISU serves approximately 11,000 undergraduate and graduate students and is located in Terre Haute, IN. Further information about Indiana State University, the Scott College of Business, and the Insurance and Risk Management program can be found at: http://www.indstate.edu/business.

In order to receive full consideration, please apply by December 31, 2014. Applications will continue to be reviewed until the position is filled. To apply, please go to http://jobs.indstate.edu to register. Direct inquiries (no applications please) to: Dr. Steven Lamb, Search Committee Chairperson, Department of Accounting, Finance,
