

Instituto Superior de Economia e Gestão

UNIVERSIDADE TÉCNICA DE LISBOA

Call for Faculty:

ISEG, the School of Economics and Management of the Technical University of Lisbon, seeks applications from suitably qualified persons to fill a position of assistant professor (“professor auxiliar”) in the academic area of Statistics and Actuarial Science.

Education and Experience:

An applicant for admission to candidature for this position shall:

- Be a holder of a doctorate degree in a related field;
- Be able to teach in the Portuguese and English languages. Applicants who do not have a command of the Portuguese language may engage themselves to study Portuguese so as to be able to teach in Portuguese in the 2013/2014 academic year.

Particular attention will be given to applicants with a strong background in Actuarial Science namely in Life Insurance and Pension Funds.

The prospective responsibilities of the successful candidate include research and teaching undergraduate and graduate levels courses in statistics and in actuarial science.

Initial appointment is for five years with a tenure possibility depending on the Curriculum Vitae at the end of the probation period.

Applying:

The application should include

- Letter of motivation including postal address, telephone number and email;
- Copy of your passport or identity card (European citizens);
- Curriculum Vitae;
- A copy of each publication;
- Solemn Oath (see <http://www.iseg.utl.pt/vacancy>)

Please submit your application to:

Dean of ISEG

Professor João Duque

ISEG, Rua do Quelhas 6

1200-781 Lisboa, Portugal

or by e-mail to concursospeessoal@iseg.utl.pt no later than **27th July 2011**.
