

**ARIA 2012 Annual Meeting
August 5-8, 2012
Minneapolis, Minnesota**

Plan to attend and celebrate ARIA's 80th anniversary at the 2012 Annual Meeting halfway between New York and L.A. Minneapolis is a world-class city with fabulous shopping, dining, and entertainment. Sidewalk cafes and shopping; entertainment abounds in the Warehouse District and the Hennepin Theatre District. Art, science, and history are on display at more than 57 museums in the city and well-known places such as Walter Art Center and Weisman Art Museum that have made their mark nationally. Stroll along the historic Riverfront District and see the mills where Minneapolis got its start in the flour industry. Getting around is a snap using the light rail transit system with stops downtown, the airport, and Mall of America. No matter what the weather, easily travel between many hotels and attractions using the skyway system. Enjoy several outdoor art festivals during the weekend prior to the Annual Meeting. Shop 'til you drop: enjoy no sales tax on apparel and shoes in Minnesota, including more than 500 stores at the Mall of America.

Plenary sessions will address the Affordable Care Act, Sustainability in the Insurance Industry, Enterprise Risk Management, and Microinsurance.
